

2006-07 Honor Roll of ASHRAE Investors

ASHRAE has achieved a distinctive and important position within the heating, ventilation, air-conditioning and refrigeration industry through its technical research program. Major financial commitments from its membership and the HVAC&R corporate community have been instrumental to its success over the last eighty years. With the support of thousands of investors, ASHRAE Research answers the urgent questions facing the industry and ensures that today's standards of environmental safety and quality will apply for generations to come. As a part of the Society's commitment to this important program, it pledges to use **100% of every dollar donated** on research projects.

Contributions from individuals, companies, organizations and ASHRAE chapters totaled over \$1.85 million and was the result of an enthusiastic effort by the Society's Resource Promotion Committee, over 150 RP Chapter Chairs, and hundreds of other ASHRAE members who organized fund-raising events.

The *Honor Roll* that follows lists the names of more than 5300 investors who have made significant financial commitments to ASHRAE during the 2006-07 fiscal year that ended on June 30th.

The 2006-07 *Honor Roll* has eight sections:

The first section recognizes companies and organizations that joined the prestigious *Golden Circle* investor level by contributing \$10,000 or more.

The second section honors *ASHRAE Chapters* that have made significant contributions from their treasuries and/or have shown exceptional leadership and support by qualifying for the *Full Circle Award*.

The third section recognizes members of ASHRAE's *Board of Directors* and *Regions* who lead from the top in supporting Society's programs.

The fourth section is an alphabetical listing honoring those contributors who supported ASHRAE at the *Partners* level (\$5,000 to \$9,999) and at the *Associates* level (\$2,500 to \$4,999).

The fifth section is an alphabetical listing honoring those contributors who supported ASHRAE at the *Major Investors* level (\$250 to \$2,499).

The sixth section lists all *Honor Roll* level investors (\$100 for individuals / \$150 for companies) by their region and chapter.

The seventh section lists *memorial contributions* received in honor of deceased ASHRAE members, friends and business associates.

The last section lists *endowed contributions* that will continue supporting ASHRAE into perpetuity.

We would also like to recognize the companies that have permitted their employees to solicit funds during company business hours. To each of these companies we extend a very special *thank you* for this invaluable contribution. In addition, we wish to express our gratitude to the more than 900 investors who supported ASHRAE this past year below the honor roll level and could not listed on these pages because of space limitations.

Your name and honor roll listing is important to us. ASHRAE appreciates the interest and investment of each individual, company and organization listed in this *Honor Roll*. We strive to be as accurate and complete as possible but in a listing of this length, errors are bound to occur. Please accept our sincere apology for any inadvertent omissions and mistakes and please notify us of any errors so we can correct them for future publications.

2006-07 Resource Promotion Executive Committee

**Endowed Contributions
(ASHRAE Foundation)**

The following contributors have endowed annual Honor Roll gifts to ASHRAE Research:

John Bullard
Louis Flagg (deceased)
Damon Gowan
Cyril Hansen (deceased)
Dick Hayter
Kenneth L. Hutchison
John Janssen
James Keas (deceased)
Edmund Miller
Hayward Murray (deceased) by Jalima Holdings, Ltd.
Nick Nellos (deceased)
Donald Rich
Harry Rountree
Ronald Runyon
Ladell Smith (deceased)
Ronald Vallort
Bobbie Vermillion
Wendell Wolfe (deceased)
George Yardley
James Zonino (deceased)

=====

ASHRAE MEMORIALS

Many contributions are received by ASHRAE to honor deceased members, business associates and friends. These contributions not only honor these members and associates, but they also support the Society mission to advance the arts and sciences of the HVAC&R industry. Those being honored are listed in **bold** type and the memorial contributors are listed below each honoree.

Lester Nakata, ASHRAE Life Member, passed away as he was returning from the Winter Meeting in Dallas. His sudden passing inspired many people to contribute to a Memorial Fund to honor his dedication and active membership in ASHRAE and to the HVAC&R industry. The Hawaii Chapter acknowledges the following companies and members whose donations created the Lester Nakata Memorial Fund. The donation was made to the ASHRAE Foundation for a student with a primary engineering interest in refrigeration. The fund commemorates the late Lester Nakata, a past president of the Hawaii Chapter, for his devotion to the field of refrigeration in Hawaii.
