

ASHRAE Honor Roll 2008-09 Investors

Golden Circle Investors

This award is presented to contributors who have provided significant financial leadership to ASHRAE at the \$10,000 and higher level.

Rick Zbin
Chair
Cleveland

Jim Matthews
Vice Chair
Pikes Peak

John Rhodes
Vice Chair
Fort Worth

Dennis Knight
Vice Chair
Charleston

It's rare in my career, as in most ASHRAE members' careers, to simply aim to do what was done previously. We all want to aim higher, faster, better, than what was done before. Last year, the RP Campaign celebrated a major break-through by raising more than \$2 million for research. My goal as the 2008-09 RP chair was to *Do It Again!* and show that the 2007-08 campaign wasn't a fluke.

I am pleased to announce that, despite the shaky economy, more than 6,700 members, non-members and companies rose to the challenge and showed how valuable ASHRAE Research is to them both personally and professionally. During this past year, I constantly reminded the RP Committee that people support what they believe in. Thank you for confirming my faith in you with your donations and support.

These 6,700 members, non-members and companies understand that when they – either personally or as a company – give money to ASHRAE, they are actually *investing* in their future, your future and the future of the HVAC&R industry. ASHRAE has achieved its distinctive position within the industry through its technical research program and because of the major financial commitments from its membership and the HVAC&R corporate community. Without that support, the Research Program would not be the leader for some 100 years.

Two years ago, the Research Promotion Committee adopted a new slogan – *Researching Today to Change Tomorrow*. Thanks to your support and the second year of raising more than \$2 million, that saying is certainly true. Thanks to your contributions, ASHRAE research will continue to further the technology that helps to keep indoor environments comfortable and productive, deliver healthy food

to consumers and to do all this while preserving the natural environment.

I would especially like to thank the 200+ Research Promotion volunteers – from the Society-level regional vice chairs to the chapter-level RP chairs, co-chairs and other chapter volunteers who helped with fundraisers, research nights and technical seminars. Without their time, hard work and dedication to ASHRAE, the campaign would not have enjoyed this amazing success.

I would also like to acknowledge the many companies that have permitted their employees to solicit for research during company business hours. To each of these companies I extend a very special *Thank You* for this invaluable contribution to the 2008-09 campaign. In addition, I would like to express my gratitude to the more than 1,100 investors who supported ASHRAE this past year below the honor roll level and could not be listed on these pages because of space limitations.

The *Honor Roll* that follows lists the names of more than 5,500 investors who have made significant financial commitments to ASHRAE during the 2008-09 fiscal year which ended on June 30th of this year. We strive to be as accurate and complete as possible but in a listing of this length, errors are bound to occur. Please accept our sincere apology for any inadvertent omissions and mistakes and please notify us of any errors so we can correct them for future publications.

On behalf of the entire Research Promotion Committee, we look forward to reaching even higher in future campaigns, raising the bar in researching today to change tomorrow.

Richard A. Zbin, HFDP
2008-09 RP Committee Chair

ASHRAE Research Memorials

Many contributions are received by ASHRAE to honor deceased members, business associates and friends. These contributions not only honor these members and associates, but they also support the Society's mission to advance the arts and sciences of the HVAC&R industry. Those being honored are listed in **bold** type and the memorial contributors are listed below each honoree.

Endowed Contributions (ASHRAE Foundation)

The following contributors have endowed annual Honor Roll gifts to ASHRAE Research:

John Bullard	Nick Nellos (Perpetual Donor)
Michael Colwell	Donald Rich
Louis Flagg (Perpetual Donor)	Dan Rogers
Damon Gowan	Harry Rountree
Cyril Hansen (Perpetual Donor)	Ronald Runyon
Dick Hayter	William "Bill" Seaton (Perpetual Donor)
Kenneth L. Hutchison	Ladell Smith (Perpetual Donor)
John Janssen	Robert Smith
T. Randall Jones	Harold Straub (Perpetual Donor)
Jerry Karaffa (Perpetual Donor) by Ann Stockmaster and Richard Zbin	Ronald Vallort
James Keas (Perpetual Donor)	Bobbie Vermillion
Edmund Miller	Wendell Wolfe (Perpetual Donor)
Hayward Murray (Perpetual Donor) by Jalima Holdings, Ltd.	George Yardley
	James Zonino (Perpetual Donor)

Lester Nakata Memorial Fund

Lester Tadayuki
Nakata (1941–2007)

Lester Nakata, ASHRAE Life Member, passed away in 2007. His sudden death inspired many people and companies to begin a Memorial Fund in honor of his dedication to the HVAC&R Industry and active membership in ASHRAE. The Hawaii Chapter pledged to raise more than \$60,000, permanently endowing a donation with ASHRAE Foundation to aid students with a primary engineering interest in refrigeration. This fund was fully endowed at \$65,000 in June 2009. The Hawaii Chapter and ASHRAE would like to thank the following supporters who made this endowed gift possible.

Platinum Sponsors (\$1,000 or more)

ACS Supply Corporation, AirReps Hawaii, Air Treatment Corporation, Alaka'i Mechanical, Continental Mechanical, Commercial Plumbing, Critchfield Pacific Inc., Daryl Jean Nakata, Dorvin D. Leis Co. Inc., Heide & Cook Ltd., InSynergy Engineering Inc. (a.k.a. Cedric D.O. Chong & Associates), Island Controls Inc., Johnson Controls Inc., Mitsubishi Electric & Electronic, Norman S. Wright, Oahu Plumbing & Sheet Metal Ltd., Plumbing & Mechanical Contractors Association, Trane Pacific

Gold Sponsors (\$300–\$999)

Acutron Co. Inc., ADMOR HVAC Products, Baxter Rutherford, Belimo Americas, Beall & Associates Inc., Clothier & Rose Company, Clyde Equipment Company, DMG Hawaii, Engineered Systems Inc., HSI Mechanical Inc., HVAC Hawaii LLC, Joseph H.
