

K-12 / STEM Chapter Leadership Award

The award is earned if each of the Chapters Officers and its K-12/STEM Champion or Chapter Student Activities chair participate in one qualifying K-12/STEM related activity within their Chapters area. Examples of qualifying activities include:

- Students in Industry Day
- Take a Child to Work Day
- Science Fair Judging
- DiscoverE activities
- Classroom visits
- Tours of facilities
- And much more...

The K-12/STEM Chapter Leadership Award requires activities by the Chapter Officers and the K-12/STEM Champion or SA Chair by May 30th. The award, which is presented annually to qualifying chapters, as depicted below. Chapters are also recognized in an *Insights* article.

First time award recipients will receive a patch with the ASHRAE logo and a pin with the year the award was earned. For subsequent awards a pin with the year on it will be given and that pin can be attached to the patch.

Partaking in a K-12/STEM Related Activity

- SA Chair should make the first K-12/STEM school visit to encourage others to participate
- Reach out to chapter officers for a commitment to schedule a local K-12 activity
- Have all members who have previously participated in a K-12 activity host a talk or workshop about the success of such
- If you need help, visit www.ashrae.org/ashraek12 for resources like:
 - Sample letters to local schools
 - Activities
 - Handouts
 - Videos
 - Testimonials from other members
 - Contact Headquarters for help

Incentives:

- *Insights* article listing of all chapters that receive this award
- PAOE Points
